

# SB Specialty Metals Locations

**SB Specialty Metals** is one of the largest distributors of tool steels in North America.

With over twenty million pounds of steel in inventory, we can service nearly any tooling alloy needs.

Supporting our extensive stocking program is a network of warehouses located in the major industrial areas of the U.S.

Our warehouse facilities contain a full complement of cutting and processing equipment to meet your size requirements.

This Quick Check Stock Guide is a brief overview of the grades currently being stocked, but it is by no means a complete list of the items that we can offer you.

Our goal and commitment is to provide high quality specialty steels and competitive prices combined with timely and responsive service.

## **Chicago, IL (2 locations)**

4501 West Cortland Street  
Chicago, IL 60639-5192

119 Bond St.

Elk grove Village, IL 60007
