

## Your **First Choice** for Specialty Metals

SB Specialty Metals is one of the largest distributors of specialty steels in North America.

Our inventories include tool steels, high speed steels, particle metallurgy steels, stainless steels and alloy steels.

Supporting our extensive stocking program is a network of warehouses located in the major industrial areas of the U.S.

Our warehouse/service centers are equipped with cutting and processing equipment to meet your size requirements.

This Stock Guide is a brief overview of the grades currently being stocked, but it is by no means a complete list of all the items that we offer.

We are committed to providing high quality specialty steels at competitive prices with timely and responsive service.

**Chicago, IL**  
4501 West Cortland Street  
Chicago, IL 60639-5192

**Dallas, TX**  
1101 Avenue H East  
Arlington, TX 76011

**Detroit, MI**  
1201 Piedmont  
Troy, MI 48083

**Meadville, PA**  
99 West Poplar Street  
Meadville, PA 16335

### **Service Center Locations**

**Dayton, OH**  
2800 Old Springfield Road  
Vandalia, OH 45377

## Your **First Choice** for Specialty Metals

Coldwork Tool Steels	Premium Tool Steels	Hot Work & Mold Steels	High Speed Steels	Carbon and Alloy Steels
O1, L6, S5, S7, A6, A2	S7 ESR, H13 ESR	S7, H13, PSB67, H21	M2, M2 ESR, M42	4140 HRHT, 4140 TFHT
D2, PSB27, PSB22	A2 ESR, D2 ESR	M2, 420 ESR, P20	Conventional M4	A36, 1018
SB Wear, M2	PSB27, PSB22			
PMM4, PM9, PMA11	420 ESR			

## High Performance Materials

PM Tool Steels	Stainless Steels	Knife Steels	Semi-Finished Products
PM3, PM9, PMA11, PM420	420ESR, 416, 440C, PM420	O1, A2, D2, PSB27, PM3V	Drill Rod
PMM4, PMT15, PM32Co	17-4	PD#1, CTS-BD1, 416, 440C	Ground Flat Stock
PMM48	321, 309 Heat Treat Foil Wrap	154CM, CPM154, CPM S35VN	Bar Stock
		CPM S30V, CTS XHP	Trepanning
		CTS 204P, CPM Magnacut	Gun Boring

## Value-added Services

Duplex Milling	Centerless Grinding	Saw Cutting
6-Sided Milled and Squared Blocks	Sizes from 0.04" thru 6.00" Diameter	We cut our stock to meet your size.
4-Sided Milled and Squared Blocks	Straightening up to 2.50" Diameter	Tight tolerances on length.
Tolerances: 0.0015" per 12" square & flat	Tolerances of 0.0005"	Production Cutting Capabilities.
Thicknesses ranging from 1.25" thru 12"	We grind our stock material to your size.	
Width/Length from 1.25" thru 47.25"	We grind your material.	

For more information about the products and services we offer, please visit our website at [www.sbsm.com](http://www.sbsm.com) or contact us directly at 1-800-365-1116

All Steels produced to ASTM quality standards and or customer requirements

Have a need for a grade not listed? Please contact us with special requirements.
