Thickness

Width

Length

1. Use the key below to find your grade.
2. Then use the chart above to determine the bar stock sizes available for that grade in mm or inches.

Key: A=A2, D=D2, S=S7, 4=4140

About our inventory

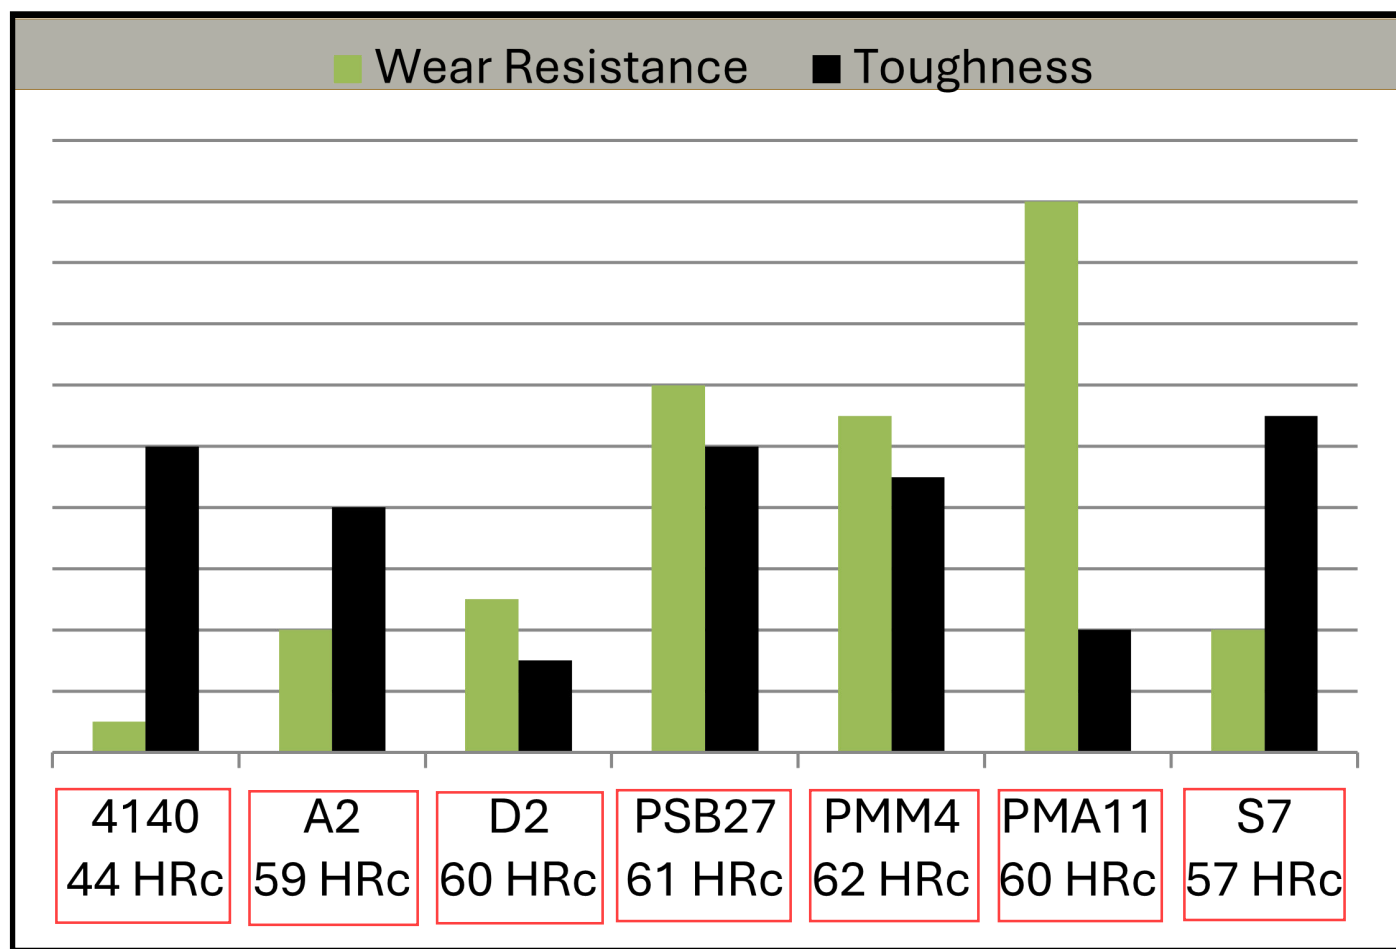

- We keep a wide array of bar stock IN popular sizes of A2, D2, S7 and 4140.
- Cutting from bar stock saves cost and time which allows you to get the best possible price and delivery.
- If we don't have the size in bar stock we can cut from plate.
- PMM4, PSB27 and PMA11 are stocked in plate and will be cut to order.
- We can provide pre-squared, duplex milled blocks.
- Bringing in 4-sided or 6-sided milled blocks saves your labor for the intricate work.
